

Dear Parent or Carer,

We have now had notice of closure from Friday 20th March. This is until further notice. However, schools are being asked to remain open to the children of Key Workers. We are awaiting further guidance and the full definitive list of Key Workers. As soon as this is received we will then send out a parent questionnaire to assess the level of need and sort staffing ratios. We will also finalise the details of the Free School Meal vouchers. We know that this is such a worrying time for everyone and we will do everything we can to ensure our community continues to operate and our families stay safe.

I will send out the parent questionnaire by the end of the day, along with any other updates.

Thank you for your continued support

Mr Houghton
